IMAP advises Rident Group on sale to Adria Dental Group

IMAP is pleased to announce that Provectus Capital Partners (PCP), an investment company focused on markets in Southeast Europe, has invested in Rident Group, a leading Croatian dental group. The acquisition was carried out through the holding company ASEF ADRIA (Adria Dental Group), a central consolidating entity within the dental sector established by PCP.

Rident Group consists of two dental polyclinics with 38 state-of-the-art equipped dental offices and the largest dental laboratory in the region. The Group's unique selling points include a strong brand in the dental field in Croatia and Italy, state-of-the-art diagnostic and laboratory equipment, highly experienced staff and a wide sales network.

The IMAP SEE team, led by Jurgis Oniunas and Tomislav Boban, acted as exclusive transaction advisor to the owners of Rident Group in finding a strategic partner for Polyclinics Rident, dental laboratory Ridental and companies Sano Dent and Florin.
